

Plan Review Comments

Report Run Date: September 23, 2025

Permit No: B24020989

The following is a list of correction comments from all departments for the above referenced permit application. A contact is listed for each division, please direct your queries to each contact accordingly.

Please provide the following additional information.

To supply corrected Electronic Plans, please log into your FastTrack account at:

<https://fasttrack.ocfl.net/online services/login.aspx>.

After you are logged in, you may upload your corrected plans via the Documents page at:

<https://fasttrack.ocfl.net/online services/DocumentsPagePortal.aspx?ID=3266297>.

Once the permit is approved by all reviewing divisions, it still is not ready to issue if any of the following processes are still "Open":

Utilities Customer Service	407-836-5503
Impact Fee Assessment	407-836-5617
Final Issuance Review	PlansCoordination@ocfl.net
Final Plan Preparation	PlansCoordination@ocfl.net

Building Review (RES) - Deficiencies

09-03-2025 Still pending:

Missing digitally signed and sealed engineering for the Infinity Edge Basin; PD- Eng.pdf engineer plan corrections submitted does not show Infinity Edge Basin.

05/23/2025

Provide digitally signed and sealed engineering for the Infinity Edge Basin shown on the new PD- Morozow Site Plan.pdf and PD-Site Plan.pdf plan corrections submitted.

Provide site specific engineering for all water features, sheer decent, slides, stairs, grottos, bridges and rock formations, lazy rivers, etc. For disappearing or infinity edge pool features, provide site specific engineering including the pool wall down to and including the collection basin. (FBC 107.2.7)

09-03-2025 Still pending:

Missing the manufacturers approved installation details for Pool Barrier Safety Fence PD- S P S Affirmation.pdf.

05/23/2025 NOT ADDRESSED:

Missing the manufacturers approved installation details for Pool Barrier Safety Fence shown on PD-S P S Affirmation.pdf plans.

With the use of a mesh safety barrier (baby fence) or a safety pool cover, provide the manufacturers approved installation details. (FBC-Residential R4501.17, FBC 107.2.1). The proposed mesh safety barrier or safety pool cover, must be an Orange County approved residential swimming barrier. A list of approved Residential Swimming Barriers may be found on our website Fasttrack.ocfl.net.

09-03-2025 Still pending:

05/23/2025

Customer submitted 2 different separate pool layouts on PD- Morozow Site Plan.pdf and PD-Morozow Pool Plan.pdf plans, and this cannot be submitted.

Please contact Fast Track Plans Coordination Department to remove and keep only 1 pool layout on scope of work

FBC R101.

To void drawing named PD-Morozow Pool Plan.pdf please contact Plans Coordination at email EPlanRes@ocfl.net

All documents must be submitted online via the Fast Track Plans Coordination Department system .

Unable to upload files, how to name a file.

Fast Track question: FastTrackPermittingHelpDesk@ocfl.net

Fast Track Help Desk Hotline: 407-836-8160

For verification and routing questions or issues: 407-836-8190

For information when submitting corrections or revisions, please upload a Narrative addressing each denial comment along with your corrected plans. Denial comment responses must be submitted electronically through the Orange County FastTrack system. Unsupported or vague narrative responses may prompt a redential of the same comment. If you feel a denial comment is incorrect please respond with the specific section of the code to support your claim or if it is not a code related comment, provide a detailed response as to why the comment does not apply. Additional review may be necessary upon review of corrected plans.

Please direct all questions of the Building Review (RES) to the below contact:

Dev Eng Review - Deficiencies

Dev Eng Misc.

1.- In your rear yard, you are applying for a 9-foot petition to vacate a portion of the existing 15-foot drainage utility easement. This means the minimum required setback is 6 feet from the property line to the edge of the proposed pool. Please indicate this minimum setback on your site plan.

Please direct all questions of the Dev Eng Review to the below contact:

Julio C Sevilla Morales - PH: (407) 836-7913- julio.sevillamorales@ocfl.net

Zoning Review - Deficiencies

***9/4/25 PREVIOUS COMMENT NOT CORRECTED; PLEASE WRITE THE STATEMENT "100% OPAQUE VEGETATIVE BUFFER TO SHIELD POOL EQUIPMENT" ON THE PLAN TITLED "PD-Survey (1).pdf."

***5/27/25 PREVIOUS COMMENT NOT CORRECTED; PLEASE WRITE THE STATEMENT "100% OPAQUE VEGETATIVE BUFFER TO SHIELD POOL EQUIPMENT" ON THE PLAN TITLED "PD-Survey (1).pdf."

**3/24/25 Previous comment partially corrected; Please clearly write the statement "100% opaque bushes to screen Pool equipment"

**11/20/2024 Previous comment partially corrected, Please write "100% opaque bushes to screen Pool equipment"

*****The Pool equipment must have an illustration shown of how the pool equipment will be screened from view on all sides, on ground level. For example if you are going to shield the equipment with a vegetative buffer please illustrate small bushes all around the pool equipment or draw a box around the pool equipment. It must show it will be covered 100% and the plan must specifically state the shielding material being used on the survey with pool pdf.

**Please write or type "100% opaque vegetative buffer" with the illustration drawn around the equipment. Also please state the Pool Equipment measured distance from the side property line, ensure it is at least 2' away from the side property line.

The pool equipment must be shown on the survey, an illustration must be shown how it will be screened from view and describe what material will be used. This must be clearly stated "it will be 100% opaque" and illustrated of the material using around the pool equipment on the site plan.

***Per section 38-79(16), All ground mounted mechanical equipment shall be screened from view at ground level, as viewed from any public or private right-of-way and abutting property, by walls, fences, dense plant materials, or a combination thereof, such that it is one hundred (100) percent opaque, at the time of installation.

**It shall not be located in the front yard, side street yard or between any portion of the principal structure and public or private right-of-way. A townhouse that is alley loaded may place the air conditioning unit in front of the

principal structure as long as it is not within the front yard setback.

C. The minimum setbacks for mechanical equipment shall be as follows:

1. Residential. Single-family, duplex, or townhouse.

(i) Side yard setback: two (2) feet from a side property line.

(ii) Rear yard setback: five (5) feet; and

(iii) Normal High-Water Elevation (NHWE) setback: Per Section 38-1501.

On the site plan provided, please indicate how the pool equipment (defined as mechanical equipment per section 38-1) is going to be screened from view.

***Sec. 38-1-Definitions: Mechanical equipment shall mean any heating, cooling, venting, filtering or similar equipment or appurtenance serving a structure, including permanent generators, air conditioning equipment, pool or spa equipment, water treatment equipment, above ground fuel tanks, and associated appurtenances or any other motorized or powered device or machinery.

**The site plan must illustrate and state clearly how the pool equipment will be screened from view at ground level. Please make corrections to the site plan and resubmit through Fast Track for review.

**9/4/25 PREVIOUS COMMENT NOT CORRECTED Please be advised, the document titled "PD-Morozow Survey.pdf" must be voided. There has now been an extra survey titled "PD-Morozow Survey Plan.pdf" uploaded which would now also need to be voided. Please see instructions below on to properly void these documents.

***Please be advised there are now multiple surveys in the system and two must be voided. Please write the word VOID in red and all caps on the plan titled "PD-Morozow Survey.pdf" and do the exact same to the plan titled "PD-Morozow Survey Plan.pdf" and resubmit these plans titled exactly the same to have it correctly voided.

***Please also add the corrections still needed for approval to the plan titled "PD-Survey (1).pdf" and ensure to resubmit the document titled exactly the same to avoid another duplicate and denial comment.
